843-553-8888 - Phone  
Exit 203  
Keys Olson- Director of Sales

# Charleston Southern University Athletic Training

The Athletic Training Program at CSU strives to provide comprehensive athletic training services to nearly 300 Division I athletes. These services are vital in the health and safety of student-athletes participating in intercollegiate athletics. A staff of five certified athletic trainers oversees the medical care for the student-athletes competing in Charleston Southern's 16 varsity sports. The services include recognition, treatment, rehabilitation, education and prevention of injuries occurring during participation in athletic activities. Each staff athletic trainer works with specific teams to ensure quality healthcare for our student-athletes.

Charleston Southern student-athletes have access to athletic training services in the athletic training facility located inside the CSU Field House. The athletic training facility is equipped with the tools necessary to provide comprehensive injury care and rehabilitative services for Buccaneer intercollegiate athletics.

## Services

- The Athletic Training Facility is located in the Southeast corner of the CSU Field House. It will be open two hours before each game and as needed after each game. If circumstances should arise and you need access to the Athletic Training Facility at another time, arrangements can be made.
- A Certified Athletic Trainer will be in attendance at every home CSU event.
- The following modalities will be available for your use: Ice, Heat, E-stim, Ultrasound, Iontophoresis, Laser and Infrared Light Therapy and Hydrotherapy.
- If your team is traveling without an ATC, we request a signed note from an ATC on your staff with the parameters for use of any modality other than ice or heat for your athletes.
- Ice, water, cups, ice bags and biohazard supplies will be provided during all home events. An AED, spine board, splints, and crutches will also be provided if needed.
- CSU is located directly across from Trident Regional Medical Center.

Please contact us if your team will be traveling without a certified athletic trainer so that we may better assist you and your team, or if you have any other special needs we can meet.

Good luck with the upcoming season. We look forward to meeting you. Please feel free to contact us if you need anything or have any questions.
